

8 July 1959

MEMORANDUM FOR: Chief, Intelligence Information Staff, ORR

FROM: Chief, Guided Missile Branch, D/I

SUBJECT: Requirements [REDACTED] Missile Activity at 25X1X6
Zaved #1, Podbereshe; East German Aircraft
Industry

REFERENCE: [REDACTED] 25X1A2g

BACKGROUND:

25X1X6 I/GM is interested in [REDACTED] 25X1X6

25X1X6 A. The referenced report states that [REDACTED] 25X1X6

25X1D1a or the missile. Reports from other sources have indicated that this plant produced components and subassemblies for the German V-1 type missile. It is reported that, from March 1952 through June 1953, three assembly lines manned by 150-300 Soviet workers produced approximately 100 subassemblies/month at Plant #1, for a missile similar to the German V-1. This missile may have been

25X1D1a [REDACTED] The subassemblies were crated and shipped to an unknown final assembly plant. The latter may have been MII-88, Kaliningrad, a known Soviet missile facility. During 1953.

25X1D1a [REDACTED]

25X1D1a [REDACTED] It does not appear, however, that Zaved #1 was considered a prime supplier of missile components, subassemblies or complete missiles.

25X1X6 B. I/GM is interested in any information which source [REDACTED]

SUBJECT: Requirements for [REDACTED] Missile Activity at Zavod #1,
Podbereskiye, East German Aircraft Industry

REQUIREMENTS:

A. Zavod #1, Podbereskiye

1. Was source aware of any actual missile production at Zavod #1?
2. If so, state type of production: airframe, powerplant, fabrication and assembly of missiles or subassemblies, or support equipment. Provide all possible details on production rates for specific time periods.
3. Describe plant as completely as possible, including size, layout and equipment. Provide sketch, with dimensions, if possible. On basis of these (and possibly other) factors, does source consider that plant is capable of fabrication and/or assembly of missiles?
4. If Zavod #1 was not to produce this missile, does source know the name, location and subordination of the plant which was so designated?
5. Was source aware of any connections whatsoever between Zavod #1 and other industrial establishments? If so, identify and give details.
6. Did source see any military or civilian plant representatives or visitors at the plant? If so, state from which branch of service or from what industrial installations they came, indicating dates of visits.
7. Were missiles of any kind discussed by the Soviets in source's presence?
8. Describe as completely as possible, and sketch, the missile mock-up referred to [REDACTED] Indicate dimensions.
9. What were the range and performance characteristics of this missile?
10. For what type of vessel was this missile designed: surface ship, submarine or both?

25X1X6

SUBJECT: Requirements for [REDACTED] Missile Activity at Zavod #1,
Podberezhye; East German Aircraft Industry

11. Can source give any information about the [REDACTED] 25X1D1a
25X1D1a [REDACTED]

12. Did source ever hear discussion or rumors concerning
proposed missile armament of new aircraft?

B. East German Aircraft Industry

1. Is source aware of any production in East German
industry which contributes to any aspect of the
Soviet missile program?
2. Does source have any knowledge as to whether Soviet
forces in East Germany are now equipped with
operational missiles? If so, what type of missiles?
3. Is source aware of any special agreement within CEMA
for Bloc contributions to the Soviet missile pro-
gram? If so, elaborate.
4. Does source have any information regarding the
equipping of Soviet air forces in Germany or the
other Satellites with any type of air-to-air or
air-to-surface missile?
